

TCS NQT STUDENTS FEEDBACK					
ROLL NUMBER	NAME	DEPARTMENT	ONLINE TEST (Areas to prepare)	ONLINE INTERVIEW (Areas covered)	GENERAL FEEDBACK
1701026	KAVITHA P	B.E CIVIL	Quantitative Aptitude, logical reasoning, verbal ability, error spotting in basic codes and simple programming.	Technical areas: OOPS concepts, basic concepts of any programming language. Managerial areas: Team management skills, about TCS. Be clear with what's written in the Resume.	Be bold and expressive and justify as to why you wish to work with TCS in the first place.
1701070	Gomathi S	B.E CIVIL	Aptitude, Verbal ,Logical and Coding	C, C++	
1701105	SARITHA G R	B.E CIVIL	Numerical ,verbal ,reasoning abilities ,programming logic and coding	Basic programming and usual HR/MR interview questions (a candid conversation is ENOUGH.)	FOA, this must be one of the simplest interview processes. Nothing very hard ,so chill out!
1705053	SYED AFRIDY HUSSAIN S	B.E CSE	General Aptitudes	SQL, python basics	It was a nice and pleasant interview
1705079	HARSHAVARDHANBO OPATHI M	B.E CSE	General aptitude, Quantative aptitude reasoning, Verbal aptitude, technical aptitude and basics of c,c++,java programming.	strong in your programming languages(c/c++/python/java) strong in your resume whatever you mentioned, Clear idea about projects, basic technical questions from areas of interest, managerial questions	watch Prep insta and Face Prep Youtube channels, very helpful for both online test and interview ., be confidence with your answers
1704035	POOJA. R	B.E ECE	Quantitative Aptitude : Profit and loss, simple and compound interest, average, percentage, time and work, basic mathematics Logical Reasoning and Verbal Ability and programming mcqs Coding :Arrays, strings, conditional loops	Technical Interview :Questions from resume and fundamentals of core subjects were asked. Project details were asked. Managerial Interview : Scenario based questions were asked and questions about the company were asked. General HR :Relocation and night shifts were discussed and questions from student were asked.	Overall it was a great learning experience. To clear online test, time management should be handled well. For interview process, basics about core subjects and resume as well as project is a must.
1704050	SWETA	B.E ECE	Basic aptitude, Verbal, Logical Reasoning, patterns and puzzles and any one programming language of your interest (preferably C or Python).	Python, Project details, about TCS, personality analysis questions.	For the interview , one needs to be self confident about everything they speak. Questions are based on whatever is listed on the resume so its better to be familiar with what you've listed out. Overall it was a good going experience
1704058	AVINASH S	B.E ECE	Prepare important aptitude topics from you tube and india bix. Clear understand of each topic is enough to clear the online test. In online test they are also asking 2 coding questions. Some basic coding knowledge in strings and arrays are enough to answer coding questions.	In online questions 3HRs are there 1.TECH HR Prepare basic c programming. Karthick sir notes is more than enough. Prepare basics in python,oops.(just search important interview questions in python,oops in chrome or you tube. Prepare those questions) Be confident about ur projects.try to impress the HR by your projects. They rarely asked about core subject and area of interest. 2.GENERAL &MANAGERIAL HR both of them ask basic questions about us and gives some situtaion and ask us to give the answer.Be frank and dont lie to the HR.	
1704062	DHANUBHARATHI B	B.E ECE	General aptitude like time and distance, time and work, boats and streams, profit and loss, simple and compound interest. Verbal and logical reasoning.	You should clear with resume.	In first round they asked general aptitude, verbal, logical reasoning. After clear this round I attended face to face interview. In that they asked my project, area of interest, programming language which all there in my resume.
1704072	GOWTHAM M	B.E ECE	Quantitative aptitude, Logical reasoning,Verbal, Basic C programming	Basic Programming questions, Thorough Understanding of Project, Areas of interest, Good communication skills,A complete knowledge on Whatever written in the resume	The process was good and the HR was very friendly.
1704074	JEEVA ANANTH C	B.E ECE	Aptitude, Verbal, Any Programming languages	C program, Communication Skills	
1704077	KANISHA.S.M	B.E ECE	General apti, verbal, logical reasoning and basic knowledge on C programming.	Complete knowledge about the project done. Questions from area of interest. General management skills. Basic HR questions.	Be confident enough. The questions will be asked only from the areas which you specify.
1704086	MADHANKUMAR M	B.E ECE	General Aptitude, English Comprehension	Coding, Advanced Programming Languages, OOPS, Data Structures	Practice coding questions and concepts, Be confident in your answers

TCS NQT STUDENTS FEEDBACK					
ROLL NUMBER	NAME	DEPARTMENT	ONLINE TEST (Areas to prepare)	ONLINE INTERVIEW (Areas covered)	GENERAL FEEDBACK
1704114	VIVEK S	B.E ECE	<p>Numerical Ability: Permutation and Combination ,Averages Mixtures and Alligations ,Puzzles Number System HCF and LCM Probability Time Speed and Distance Mensuration Ratios and Proportions Percentage Problems on Ages Simple Interest & Compound Interest</p> <p>Reasoning Ability: Data Arrangements, Coding, Decoding, Series and Visual Reasoning Blood Relations Data Interpretation Data Sufficiency Direction Sense Syllogisms Sequence and Series</p> <p>Verbal Ability: Reading Comprehension Sentence Correction or Error-Spotting (Subject Verb Agreement, Pronoun Agreement, Parallelism, Prepositions, Articles, Tenses, Modifiers etc.) Sentence Completion Para-Jumbles ,Cloze Passage ,Vocabulary,Phrasal Verbs Voices and Forms of Speech</p> <p>Programming Logic: Fundamentals of Programming Data Types Operators Looping and Conditional Statements Arrays Strings Functions Object Oriented Programming (OOPS) Data Structures: Linked List, Stack, Queue, Trees and Graphs Recursion Pseudocoding Basic Software Development Cycle</p> <p>Coding: Arrays, strings, matrices and basic coding problems</p>	Basics of C programming and Data Structures, OOPs concept, Operating Systems, Project based questions.	Be well prepared with your resume and one programming language and the topics mentioned above. Be confident enough even if you don't know the answer and have a smile on your face.
1703034	PRAVEEN P	B.E EEE	General Aptitude,C program,English	Coding arenas,Basics of our core subjects.	
1703035	PREM KUMAR S	B.E EEE	Aptitude, Verbal ability, Puzzles, Basics of preferred programming language	Strong knowledge in the area of interest and the programming languages given in the resume, general (HR) interview preparations.	Be strong in the areas given in resume and the proficiency in English should be good. Apart from that it is an easy nut to crack.
1703050	SUGUNA V S	B.E EEE	Quantitative Aptitude, Programming	Programming basics , Few technical questions, Generals discussion	Practice anyone programming language , Be confident while answering to HR in online interview
1703062	ASKAR HAMEED K A	B.E EEE	Quantitative Aptitude, logical reasoning, Verbal ability, programming basics	Questions asked from Resume (skills, IT related workshop, additional course). Questions asked from C, C++ only as I mentioned these two languages alone in my resume. They asked only basics like recursion with example, polymorphism, factorial logic, difference between C and C++, Enum, Dangling pointers) And some general questions	They were very friendly. I had some network issues in between but they treated me very politely and patiently. For some general questions, my answers were irrelevant but that doesn't matter I spoke confidently.
1703067	DHANASHREE V	B.E EEE	Aptitude,C	Basic C	
1703075	HARISH RAJU GS	B.E EEE	Basic Arithmetic, verbal, quantitative and qualitative reasoning	General HR questions and programming basics	
1703077	JANANI SHRRI	B.E EEE	Aptitude questions (more questions on time and work, speed distance)	Cleary explanation about your project, any programming language, puzzle questions	Be confident in your answers.

TCS NQT STUDENTS FEEDBACK					
ROLL NUMBER	NAME	DEPARTMENT	ONLINE TEST (Areas to prepare)	ONLINE INTERVIEW (Areas covered)	GENERAL FEEDBACK
1703100	SANTHIYA S	B.E EEE	Aptitude(Quants, Verbal, Reasoning),Coding(any one language),c(mcq),java(mcq)	C Programming basics, oops concept(c++)	Watch Prep Insta and Face Prep you tube channels...was really helpful for both online test and interview
1703104	SATHVIKA A	B.E EEE	Aptitude, programming	Resume, project,Area of interest, Coding language you knew	It was a nice experience. They are very friendly. Be confident with all your answers.
1703115	UTHRAA S	B.E EEE	General aptitude,verbal,C MCQ,Coding	Project,Programming knowledge	The interview was easy.In online test, basic quants questions and basics in C were asked. In HR,Self introduction,basic programming questions and my contribution in my project were asked.
1702003	ARUNKUMAR D	B.E MECH	Aptitude,verbal and coding	One coding question and question on basics of my core subjects	Be well prepared on your basics
1702016	KARTHIKEYAN M	B.E MECH	Quantitative aptitude, logical reasoning, verbal ability, program mcq, program	Basic core , One programming language	Time management is important for crack the online test.
1702018	KIRUBHAKAR.S	B.E MECH	General aptitude logical and verbal basic knowledge in any one programming language	strong in any one programming language standard c logics	Interviewer was friendly and interview was started on time
1702031	PREM SUNNTER MA	B.E MECH	Atleast one programming language and Aptitude knowledge	Resume, programming and managing skills	Be thorough with programming basics and be confident with your approach
1702035	ROBIN INFANT A	B.E MECH	Simple aptitudes from all kinds	C programming , general Hr was more for me ...Should be able to answer situational questions	Overall it was good path through the test and interview...
1702050	VISHNU PRASATH P	B.E MECH	Verbal ability- tenses, grammar,spot the error, comprehension etc. Quantitative aptitude topics like-average, profit and loss, time and work,ratio etc,logical reasoning questions and two coding questions were given one was easy level and the other one was a medium level question I solved in C programming.	Technical questions related to C programming and some basic core related questions were asked followed by general HR questions. For C related Technical questions I referred websites like java point and geeksforgeeks.	Just medium level questions were asked and answered precisely with confidence. The interviewers were friendly throughout the session.
1702058	ANNAMALAI I	B.E MECH	Aptitude R.S.Agarval, C-programming	Python, DBMS basics, AWS, General questions like why core to non-core, if you get a core offer which one do you choose tcs or core job etc.	The interviewer was so friendly and the technical questions asked in the interview were only basics and more general questions to analyze me. So be frank with your answer, don't exaggerate your answers.
1702080	KARTHIK B S	B.E MECH	Aptitude, Verbal, Logical, Programming in any one of the given languages(one simple program and another relatively difficult)	Resume, C Programming (as it was mentioned in the resume),	If the first round is cleared the second round can be cleared easily. The interview requires confident and good communication along with basic programming knowledge. You should be fully aware of what is mentioned in the resume and finally it really depends on panel in which you are allotted too. You require some luck to get allotted to panel which are comparatively easier to crack compared with few panel where you are confronted only with technical questions alone.
1702089	NETHAAJI A	B.E MECH	Quantitative Aptitude,Logical reasoning, Verbal skills, Basic coding (any language).	Logical Puzzles, Coding (any language), Basic knowledge in core subjects.	
1702091	PRANESH M	B.E MECH	Quantitative Aptitude, Verbal, Logical Reasoning, Basic Coding.	Basic Programming(program languages mentioned in resume), Basic Questions from core subjects.	
1802203	BOOPATHI M	B.E MECH	General Aptitude, Logical Reasoning, Basics of programming languages (c, c++, java), Good programming skill in any one language	Basic Questions from C, python Question based on problem solving skills Question from your Resume	The overall Experience was smooth, the interviewers were very friendly during the interview.
1802230	RAGHUL G	B.E MECH	Aptitude Reasoning ability Coding	Technical related to core subject Technical related to programming General Problem solving	
1706023	RAGHUL G	B.TECH CHEMICAL	Aptitude and Reasoning	Basic concepts of C Program.	
1707007	BHARATH KUMAR S	B.TECH IT	Quantitative Aptitude, Reasoning Ability, Verbal Ability, Programming MCQ, Coding	About yourself, Basic coding programs,General Knowledge, HR Questions like why TCS, relocation, night shift etc..	Be confident during the interview and always have a smile on your face.
1707014	DHARSHINI C R	B.TECH IT	Verbal Ability (important), Reasoning Ability, Numerical Ability, Programming Logic, Coding (important)	Asked about the Project done and basics in the interested Programming language.	It was Easy; have to be confident in what we know even it is a basic concept.
1707017	GOPI SHANKAR R	B.TECH IT	Quantitative Aptitude, Verbal Aptitude, Debugging the code, Coding (array, strings)	Basics of C, C++, DBMS (SQL basics)	It was an easy interview. Interviewers were friendly in the face to face interview.
1707032	MOWNIKA M	B.TECH IT	Verbal, Aptitude, logical, programming logic, coding.	Detailed view on project, understanding of core subject like dbms,sql, network and in interested subjects and some general questions .	Give more importance to core subjects and be confident in giving answers.
1707045	ROHINI MUTHU PREETHI P	B.TECH IT	Quantitative, reasoning, verbal, computer fundamentals, basic programming questions	Computer fundamentals, c programming	Prepare well on aptitude and basic computer science concepts

TCS NQT STUDENTS FEEDBACK					
ROLL NUMBER	NAME	DEPARTMENT	ONLINE TEST (Areas to prepare)	ONLINE INTERVIEW (Areas covered)	GENERAL FEEDBACK
1707049	SHARBINI	B.TECH IT	Aptitude- verbal and quantitative Basic coding programs in the language you are comfortable with	Basic concepts in the programming language you are interested in	Communication is important and must be strong in basics
1807209	LAKSHMI NARAYANAN SP	B.TECH IT	Quantitative aptitude Logical reasoning Verbal ability Data structures and algorithms Database management system Software Engineering	Self introduction Project explanation General HR questions OOPS concepts Database management system Managerial questions	Overall the interview experience is good
1632004	DIVYA S	M.Sc DS	General aptitude and clear understanding of basics in coding and C.	Everything mentioned on Resume SQL Python	Clear explanation of projects done is required. Communication and confidence level is checked.
1632022	MADHUMITA S	M.Sc DS	The first round was online test which consists of 5 sections - Numerical Ability(Ratios and Proportions,Profit and Loss, Averages, Mixtures and Alligations,Probability, Time Speed and Distance) Verbal Ability(Reading Comprehension,Sentence Correction, Error-Spotting,Sentence Completion,Vocabulary, Phrasal Verbs and Idioms) Reasoning Ability(Data Arrangements,Blood Relations Coding, Decoding, Series and Visual Reasoning,Data Interpretation,Data Sufficiency,Syllogisms). Programming Logic(Looping statements,Control statements, Data Structures: Linked List, Stack, Queue, Trees and Graphs,Pseudocoding). Coding section consists of 2 questions. There was no negative marking and was adaptive test.	There was one round of interview only which combined Technical, HR, MR rounds. In technical interview round, the questions were based on my Resume (projects,Paper presentation if any). All of them were basic questions like what is your fav programming language, Python basic questions,explain me about the projects that you have done, Machine Learning algorithms that I have used in my project etc. Some HR questions were like Are you willing to relocate, Are you okay with night shifts ,Why TCS? Some MR questions were If your Team Lead is not giving you enough credit for your work, and is often complaining that you are not working, even if you are, then what will you do? Are you comfortable in working in team or do you like to work alone?	The overall experience was good and the interviewers were so friendly. Be confident and clear with what you have entered in your resume.Get to know about TCS very well. Learn about their products and services before the interview.
1632025	MONISHA G	M.Sc DS	Programming, All kinds of aptitude	Basics of Python, C, General HR questions	Be confident
1632026	NANDHINI R	M.Sc DS	Quantitative and aptitude	Projects, SQL, HADOOP, programming language for technical round, Company profile and general questions like why do we hire you?	Have a good knowledge in any one programming language, be strong in areas of interest and be strong in basics of SQL, problem solving. For managerial round prepare for general questions like why do we hire you? What do you know about TCS? And general questions in HR round.
1632034	PRIYANGA C B	M.Sc DS	Aptitude, Logical reasoning, Verbal, Basics in C, Data Structure and able to code in any one language	Be strong in your prefer language and area of interest	
1631004	ANESHKRISHNA S	M.Sc SS	Quantitative aptitude, logical reasoning, Problem Solving.	java basics, Resume Projects	
1631007	ASHOK V	M.Sc SS	General aptitudes, programming languages MCQs	Resume, C++, general concepts of computer networks, cloud computing, Machine learning.	Overall process was good. The interviewers made me comfortable and positive.
1631010	DEEPAK S	M.Sc SS	Quantitative, Logic Reasoning, Problem Solving	Java Basics, Resume Projects	
1631034	NARMADHA M	M.Sc SS	General aptitude Logical reasoning Verbal ability and communication programming basics	Projects in the resume , basics of what we are well versed	Overall the interview experience was easy.

TCS NQT STUDENTS FEEDBACK					
ROLL NUMBER	NAME	DEPARTMENT	ONLINE TEST (Areas to prepare)	ONLINE INTERVIEW (Areas covered)	GENERAL FEEDBACK
1631039	RAGUNANTHAAN R A	M.Sc SS	<p>The first round of the TCS ninja placement process is online test. It includes some general competitive aptitude questions, English, Reasoning, verbal and atleast two coding questions using any programming language. The two questions were moderate enough to solve.</p> <p>Reference :</p> <ol style="list-style-type: none"> 1. Indiabix.com and Testpot.com for Aptitude and Reasoning 2. Geeks for geeks, Java Point for programming <p>Areas to prepare :</p> <ol style="list-style-type: none"> 1. Basics of programming 2. Data Structures 3. Hackerrank for problem solving 	<p>After clearing the online test, there will be a online face-to-face interview. It is a technical as well as HR interview.</p> <p>In this round they asked about,</p> <ol style="list-style-type: none"> 1. Introduced about yourself 2. They asked about the projects mentioned in the resume 3. Oops Concepts 4. Basic java questions 5. Two basic problem which was given to explain the logic. <p>After that they asked about some of the basic questions like,</p> <ol style="list-style-type: none"> 1. What are your career aspiration? 2. Would you prefer night shift ? 3. Which role would you like to work with ? <p>Areas to prepare :</p> <ol style="list-style-type: none"> 1. Projects mentioned in the resume 2. Basic programming concepts 	<p>The Online test and the interview was good. The interviewer was so friendly, they gave hints to solve the problems. Be strong with your resume and basics of programming. Be bold and confident.</p>
1631053	SREE SANGAVI M	M.Sc SS	General Aptitude, Programming	Resume, Computer basics	
1851015	KANCHERLA VENKATA DILEEP KUMAR	MCA	General aptitude, reasoning, Verbal aptitude, technical aptitude and programming.	Project, DBMS, Data structures & General HR questions	Focus on aptitude to qualify the test, knowledge about the company before attending the interview.
